Côtes du Coeur Overview

The Côtes du Coeur event series is a premiere fundraising campaign hosted annually in Dallas, Texas to benefit the American Heart Association (AHA). Sponsored by the Dallas Division of the AHA, the event series leads up to an annual fine wine auction and celebrity chef dinner. This culminating black-tie gala event is the largest of its kind, making it the number one fundraising gala in the nation for the American Heart Association. Proceeds from Côtes du Coeur go directly to the AHA for cardiovascular research and heart health educational programs, both locally and nationwide. During its 24-year history, Côtes du Coeur has attracted more than 21,000 attendees and has raised more than \$27 million. Côtes du Coeur hosts approximately 1,200 business and wine industry leaders, community philanthropists, wine collectors and physicians. Led by renowned Dallas Chef Richard Chamberlain, a team of 18 acclaimed Chefs invite the guests to enjoy selections from a boldly unique tasting menu accompanied by wine pairings created from the cellars of 26 elite wineries. Attendees experience multi-course fine dining designed to showcase specific wine varietals dish by dish. The quality of the food and wine is a key differentiator for Côtes du Coeur. The gala also features a live auction of one-of-a-kind experience packages and a silent auction of more than 2,000 wines—the largest fine wine auction in the Southwest. A key focus of the Côtes du Coeur season is the cultivation of quality networking during the planning sessions, pre-parties and gala. These events offer multiple opportunities for patrons to engage in deep and meaningful business and personal relationships with senior level executives from the Dallas area.

Message from Melissa & Steve Grimshaw 2016 Côtes du Coeur Chairs

Welcome to the 25th annual Côtes du Coeur gala benefiting the American Heart Association.

It is a great honor for us to be chairing the 25th Côtes du Coeur gala where we will honor this event's past, present and future on behalf of the American Heart Association. Our extended DFW family is why we're so committed to the AHA's strategic goal to improve U.S. cardiovascular health by 20% while reducing cardiovascular deaths 20% by 2020.

With this in mind, we recently attended the 2015 AHA's Scientific Sessions (AHA's annual meeting of more than 18,000 cardiologists and researchers from across the country). We were amazed and inspired to learn that surgeons are now using 3-D printers to print patient's hearts so they can practice on a perfect replica of the patient's heart prior to the actual surgery.

This is just one example of how your generous Côtes du Coeur contributions fund ground-breaking research that leads directly to innovative programs and educational tools that help prevent and one day eradicate heart disease entirely.

Tonight is the silver anniversary of the most prestigious and successful American Heart Association gala in the nation. We are honored to chair this milestone event and hope you enjoy our retrospective look back at the first 25 years of this world class event.

Deep gratitude and thanks goes out to each and every past Côtes du Coeur chairman in attendance tonight for building an incredible legacy for helping people fight and, eventually, win the war on heart disease and stroke. We are excited to honor Côtes du Coeur leadership as we look forward to a future free of cardiovascular disease.

Let the Côtes du Coeur 25th anniversary celebration begin!

Sincerely,

Melissa and Steve Grimshaw

Message from Nancy Brown Chief Executive Officer

Dear Friends,

Thank you so much for joining us as we celebrate the 25th anniversary of the Dallas Côtes du Coeur Fine Wine Auction and Celebrity Chef Dinner. Over the past two-and-a-half decades, this remarkable annual gathering has raised more than \$27million on behalf of the American Heart Association. Your support this evening helps to continue that proud legacy, which is so critical to our efforts to impact the lives of those who face cardiovascular diseases and stroke.

The ongoing success of Côtes du Coeur is a reflection of the incredible generosity and dedication of so many people in the Dallas community – like you – who care deeply about making a positive difference. Your concern for saving and improving the lives of others is an inspiration to all of us at the American Heart Association.

I would like to give special recognition to our 2016 Côtes du Coeur Chairs, Melissa & Steve Grimshaw, and to our entire Executive Committee, for planning an outstanding program. Tonight, led by Richard Chamberlain, we are honored to be joined by 18 celebrity chefs whose culinary masterpieces will be paired with selections from 26 world-renowned wineries, including our Tête du Cuvée Honoree, Ehlers Estate. I know it will be an unforgettable occasion, and I look forward to seeing you there. Thank you again for all you do on behalf of the American Heart Association.

All my best,

Nancy Brown

Ehlers Estate represents the unique fusion of an outstanding winegrowing estate, environmental consciousness and international philanthropy. The historic and diverse Napa Valley vineyard of Ehlers Estate is certified organic and is cultivated using biodynamic farming techniques to produce a small portfolio of exceptional estate-grown wines. One hundred percent of the proceeds from the sale of these wines go to support the Leducq Foundation, a highly regarded, not-for-profit foundation dedicated to funding international cardiovascular research. In 1985, French entrepreneur and philanthropist Jean Leducq began acquiring small parcels of vineyard land in Napa Valley's acclaimed St. Helena appellation. A dedicated vintner and wine lover, his goal was to found a contiguous Napa Valley estate—in the classic French style—capable of producing wines with the power, grace and sophistication of the great Bordeaux houses. By 2001, Leducq had joined the original 14-acre Ehlers Estate property with contiguous vineyard parcels to create a 42-acre estate. At the heart of this estate is the historic stone winery built by Bernard Ehlers in 1886. As a tribute to the site's long winemaking history, Leducq and his wife, Sylviane, revived the original Ehlers Estate name beginning with the winery's inaugural 2000 vintage Cabernet Sauvignon. The following year, Ehlers Estate produced its first Merlot, and with the 2002 vintage, the winery added its flagship, estate-grown 1886 Cabernet Sauvignon bottling to its portfolio of handcrafted Bordeaux-varietal wines. Kevin Morrisey, Winemaker & General Manager is a true international spirit whose dual French/American citizenship enabled him to intern in Pomerol for legendary Jean-Claude Berrouet at Château Pétrus. Morrisey's winemaking style and pedigree, particularly with Bordeaux-varietal wines, is renowned following many years as winemaker for Stags' Leap Winery. Morrisey cherishes his family life and manages to work a little wine into every table setting. He and his wife, Karin, have been educating their two daughters in Waldorf schools in the Napa Valley since 2002. They are all French/American dual citizens – international at heart – and see life at Ehlers as harmonious with their reverence for the earth, sustainable living, and winemaking excellence.

Bennett Lane

In 2001 Randy and Lisa Lynch fell in love with the quaint town of Calistoga, which is framed by the rugged Palisades and capped by Mount St Helena. They purchased the 10 acre Lynch Family Estate in 2002. After a successful first vintage, the Lynches founded Bennett Lane Winery in 2003. The winery is located in northern Napa Valley along the edge of the Mayacamas Mountains, and is known for producing superior Napa Valley Reds. After 13 years Bennett Lane Winery has 40+ wines rated 90 or above, and is known as the friendliest tasting room in the valley.

Travis Elder

Travis' roots run deep in the wine country of northern California. He was born and raised in the area, and has been in the wine industry for 11 years. This helped him develop an extensive knowledge for what the area has to offer. His ongoing personal goal is to set the bar for wine industry hospitality. His wine service approach is based on engaging clients in an intimate conversational style.

2012 Napa Valley Cabernet Sauvignon

The fruit for this wine comes from three different Up-Valley vineyard sites, including our own Lynch Family Vineyard Estate in Calistoga. The other two sites include Barlow Vineyard on the Silverado Trail in Calistoga and the Taplin block of Leweling Vineyards on the St Helena valley floor. The 2012 vintage is definitely living up to the hype and splendor that the wine community is bestowing upon it. With a nearly ideal growing season, we saw perfect spring bud break and a growing season full of warm days and cool nights all throughout the summer. The fall rains waited until post harvest, which enabled us reach optimal ripeness for the year.

The grapes for this Estate Cabernet Sauvignon were hand sorted and picked on each of the vineyard sites. Once crushed and processed at the winery, the juice was cold soaked for 3 days before yeast inoculation. After fermentation, the wine was barreled down in 30% new French oak and aged for 22 months. This wine opens with aromas of Bing cherry and raspberry, with subtle notes of baking spices and vanilla. On the palate the wine has incredible weight, with flavors of black cherry, pomegranate, and rich caramel. The finish is sturdy and elegant with incredible length.

Tucked away in its own private valley in the ancient village of Correns, Château Miraval covers 500 hectares of land in the heart of Provence. The magnificent Château is set in a cirque surrounded by ancient woods, olive trees, vineyards and abundant water supply. Lush wildlife combines with the beautiful Provencal climate and quality Mediterranean lifestyle to reveal an enchanting oasis.

Château Miraval's exclusive valley location embodies an exceptional terroir. Terroir is the expression of the soil, the climate and the history of the land – the essence of the wine. At an altitude of 350 meters the vines are privileged to enjoy warm, sunny days and cool nights, bringing freshness and balance to the wines. The natural clay and chalk soils are important in retaining vital water supply while at the same time draining excess water, contributing to healthy grape maturation.

At Château Miraval, all grapes are carefully hand picked and hand sorted once they have reached desired maturity, ensuring premium selection. Since 2012, the owners of Château Miraval have partnered with Famille Perrin to help with the viticulture, winemaking and wine distribution. As one of the leading French wine producing families, Famille Perrin is experienced in producing high caliber wines. With investments in the latest winemaking technology and a passion for excellence at every stage of production, Château Miraval is dedicated to delivering top quality wines to international acclaim.

Miraval Côtes de Provence Rosé

From the Chateaus' best parcels (Muriers, Longue, Romarin), as well as from a selection of vineyards close to the village of Correns, just north of Brignoles in the heart of Provence. Clay and limestone soils in the vineyard, partially in terraces, located at an average of 350 meters. A cool climate for the area with big temperature swings between night and day. The grapes are harvested exclusively in the morning and sorted twice and are destemmed. 'Pressurage direct' for Cinsault, Grenache and Rolle. The Syrah is vinified partially using the "saignee" method. Vinified in temperature-controlled stainless steel vats (95%) and in barrels (5%) with batonnage.

My Tasting Notes:

Domaine Paul BLANCK

In 1610, Hans Blanck, the family's Austrian ancestor, acquired the first vines in Alsace. Jacques Philippe Blanck obtained a medal for his work as a winemaker in 1846, and in 1927 found Paul Blanck and a handful of other winemakers being recognized as the driving force behind turning the site of Schlossberg into a pilot site for a future grand cru.

In 1975, with the creation of the grand cru appellation in Alsace, Bernard and Marcel Blanck, the sons, played a determining role. Schlossberg was the first to be assigned this appellation. A new generation of winemakers—Frédéric and Philippe—entered the scene in 1985. Their main preoccupation is respecting the vines and the soil upon which they are planted.

The domain has increased its surface area from 24 to 36 hectares with five grand crus accounting for more than a third.

The Blanck Family

This is a reality for the Blancks. The proof is that two generations of Blancks work hand in hand. The sons, Frédéric and Philippe, work incessantly under the supervision of Bernard and Marcel to improve their wines and move in new directions.

The Blancks are environmentally conscious. The 36 hectares of the Domaine are farmed with traditional copper and sulphur treatment and no fertilizer. All the vineyards are plowed several times in the year. Indigene grass is grown to develop the biodiversity of the fauna. The Blanck's main objective is to create wines of pure pleasure for food and wine lovers throughout the world.

The thirty different wines from the property can be separated into three main types: fruit-driven wines which enable the wine-lover to discover the aromatic finesse of the Alsace grape varieties; "terroir" wines with stony characteristics from the single vineyard's wines and grand crus which express the plenitude of limestone, the sweetness and firmness of clay, the harmony of manganese in the racy bouquet and power coming from silica, and nectars wines—late-harvested and "grains nobles" wines, issued from over-ripe grapes which are mysterious, opulent, complex and exuberant.

DOMAINE PAUL BLANCK

2011 Riesling Grand Cru Schlossberg

Soil:

An exceptional vineyard: at 200-300m, the Schlossberg slope lies on the Kayersberg migmatites and the intruding granite of Thannenkirch, of which the arenaceous provides very fertile, mineral soil, composed both of coarse sand and clay. The variety of minerals (potassium, magnesium, fluorine, phosphorus) determines the finesse and aromatic complexity of its wines.

Vinification:

The juice is extracted with infinite care in our air-bag press. The slow, gentle pressing avoids crushing the stalks and pips. The must starts fermenting of its own accord thanks to the natural yeast present in the juice, and the fermentation generally lasts from 4 to 10 weeks. It is carried out in stainless-steel vats equipped with temperature control, a medium which maximizes the expression of this variety's aromas.

Tasting note:

Color: Pale green

Nose: Passion fruit, honey, vanilla and wet stone.

Palate: Very deep, rich, round and long, with sweet mango and pepper nuances lingering impressively. This knockout opulent Schlossberg has extra fat in a good way, and an added measure of oomph.

Egelhoff Wines

Bob Egelhoff is one of the heavyweights in the Napa Valley private client consulting industry, or “Flying Winemakers” as they are sometimes called. A 1981 UC Davis graduate, Bob worked vineyard management in the mid ‘80s at Beckstoffer and in 1988 joined Bill Harlan’s Merryvale Vineyards where he had the good fortune to work with Winemaker Bob Levy and Consultant Michel Rolland. Bob was given the opportunity to make wines for Harlan, Hartwell, Oakford, Pahlmeyer and Staglin amongst others. In the ‘90s, Bob expanded his private wine consulting to include Amizetta, Axios, Bella Vista, Richard Partridge and Robert Craig. His 1997 Napa Cabernet Sauvignon made for client David Arthur received 99 points from Wine Spectator making it the highest ranked 1997 California Cabernet. Bob currently manages winemaking for the Axios and produces private labels for Bonnell’s, Yao Fuzi, Vaquero C.C., and Nick & Sam’s Steakhouse, all in the beautiful State of Texas. Additionally, Bob produces wine for Table 301 in South Carolina (Bellalexis) and for the Cal Ripken Jr. Foundation (2131). Lastly, since 1999, he has produced his own labels: Egelhoff, Walton, Two Worlds and CODE RED.

EHLERS

ESTATE

Ehlers Estate

Ehlers Estate represents the unique fusion of an outstanding winegrowing estate, environmental consciousness and international philanthropy. The historic and diverse Napa Valley vineyard of Ehlers Estate is certified organic and is cultivated using biodynamic farming techniques to produce a small portfolio of exceptional estate-grown wines. One hundred percent of the proceeds from the sale of these wines go to support the Leducq Foundation, a highly regarded, not-for-profit foundation dedicated to funding international cardiovascular research.

In 1985, French entrepreneur and philanthropist Jean Leducq began acquiring small parcels of vineyard land in Napa Valley's acclaimed St. Helena appellation. A dedicated vintner and wine lover, his goal was to found a contiguous Napa Valley estate—in the classic French style—capable of producing wines with the power, grace and sophistication of the great Bordeaux houses.

By 2001, Leducq had joined the original 14-acre Ehlers Estate property with contiguous vineyard parcels to create a 42-acre estate. At the heart of this estate is the historic stone winery built by Bernard Ehlers in 1886. As a tribute to the site's long winemaking history, Leducq and his wife, Sylviane, revived the original Ehlers Estate name beginning with the winery's inaugural 2000 vintage Cabernet Sauvignon. The following year, Ehlers Estate produced its first Merlot, and with the 2002 vintage, the winery added its flagship, estate-grown 1886 Cabernet Sauvignon bottling to its portfolio of handcrafted Bordeaux-varietal wines.

Kevin Morrisey, Winemaker & General Manager

Kevin Morrisey is a true international spirit whose dual French/American citizenship enabled him to intern in Pomerol for legendary Jean-Claude Berrouet at Château Pétrus. Morrisey's winemaking style and pedigree, particularly with Bordeaux-varietal wines, is renowned following many years as winemaker for Stags' Leap Winery.

Morrisey cherishes his family life and manages to work a little wine into every table setting. He and his wife, Karin, have been educating their two daughters in Waldorf schools in the Napa Valley since 2002. They are all French/American dual citizens – international at heart – and see life at Ehlers as harmonious with their reverence for the earth, sustainable living, and winemaking excellence.

Armen Khachaturian, National Sales Director, Ehlers Estate

Armen Khachaturian is the National Sales Director for Ehlers Estate, a prestigious winery in Napa Valley, just north of downtown St. Helena, known for its Cabernet Sauvignon "1886." He is responsible for all sales and distribution of Ehlers Estate wines outside the state of California. Armen has been with Ehlers Estate since 2010 and along with his warm personality, brings a wealth of sales experience from Hanzell Vineyards, The Henry Wine Group and Landmark Vineyards.

EHLERS

ESTATE

2013 Ehlers Estate Cabernet Sauvignon

Full-bodied, juicy, dense and intense, this vintage of "1886" will age and improve for decades. This wine is spicy, opulent and complex, chewy with rich elegant tannins. Blueberries, blackberries, raspberries, cocoa and exotic spices keep it interesting! A beautiful Napa Cabernet, from a beautiful vintage.

2013 was another great vintage in the Napa Valley. A warm, dry spring got the vines off to an exceptionally early start. No frost, no rain, no unusual heat waves, just endless days of California sunshine with classically warm afternoons and those cool nights that the grapevines adore. Budbreak was early, veraison was early, and the tempo continued right up until harvest. Great quality across the board, healthy fermentations, rich, complex, full bodied wines throughout the Napa Valley.

FAMILY VINEYARDS

Gamble Family Vineyards

Napa native Tom Gamble is a farmer first.

"My most lasting memory of childhood is dirt. Playing in dirt. Walking in dust behind the tractor. Wandering aimlessly on foot, horseback and mini-bike all summer long—enjoying everything the dirt and our climate gives to life." Tom's boyhood days often began before sunrise; herding cattle, working irrigation lines and emulating older ranchers and farmers from the back of the pack. Tom purchased his first vineyard in 1981. He is the first member of his family to make wine, but hopes he is not the last to work the land. Gamble Family Vineyards is his legacy for future generations, inspired by the hard work of generations past.

Tom Gamble is a farmer first, which is fitting. Good wine begins on the vine.

Ania Gatto, Brand Ambassador

Before joining Gamble Family Vineyards in 2010 as a Hospitality Associate, Ania worked at Yountville's three-star Michelin restaurant, The French Laundry where she was Sommelier, managing a 1600 bottle list and extensive wine pairings. She then joined the forces of Honig Vineyard & Winery, overseeing Napa Sales and trade visitors.

She joined SAVEUR in 2008 as the magazine's first Wine Contributor. Prior to that, she was the Assistant Sommelier at Ristorante Panorama, one of Philadelphia's premier wine restaurants. After traveling to Miami, she was offered the opportunity to design the 200-selection wine list at the new Soco Restaurant. Shortly after, Gatto became the Director of Wines at the Ritz Carlton in Coconut Grove, Miami.

Gatto ultimately moved to New York City in order to increase her knowledge in universal wine selections. Beginning at Michelin Star-awarded Café Gray as Sommelier, Gatto moved to the Michelin Star-awarded Modern, where, as Assistant Director of Wines, followed by L'Atelier de Joel Robuchon, where she held the Director of Wines position for the three-star restaurant at the Four Seasons Hotel.

Well versed in opening restaurants, in 2007, Ania joined the team to re-open Fiamma, one of the premier Italian establishments in New York City. She was the Director of Wines, where she oversaw an 800 bottle and 35 wine by the glass selection list for Chef Fabio Trabocchi's award-winning regional Italian restaurant. During her tenure, Fiamma won the coveted 'Best Award of Excellence' by Wine Spectator magazine in 2008 and Ania was awarded 'Best Sommelier' by Star Chefs. Today she holds her Advanced Sommelier Certification from the Court of Master Sommeliers, the premier international examining body for fine wine.

FAMILY VINEYARDS

2012 Family Home Cabernet Sauvignon

This 3.5 acre site demands single-vineyard status. Carefully tended Cabernet Sauvignon vines cling to this Oakville knoll-top. The knoll is divided between a north-west and south-east facing slopes. Both slopes are very rocky, free draining soils, ensuring full ripeness under stressful growing conditions.

Deep, intense, inky purple in color. Big savory nose of smoky black cherry, spiced plum, mushroom and thyme. Intense, concentrated round tannins frame a big meaty wine accented by cool cassis and cherry cola. Dusty clay and cedar flavors combine with plum skin, clove, sage, bay leaf and juniper to produce an intricately layered wine finely balanced between fruit and savory notes. This wine will continue to evolve over the next several decades.

GEMSTONE

Gemstone Vineyard

The 16-acre Estate Vineyard is situated on a gentle, west facing slope in the Yountville AVA. Gemstone's first vintage was produced in 1997, when the current clones of Cabernet Sauvignon, Merlot, Cabernet Franc, Petit Verdot and Chardonnay were planted. Since its inception, Gemstone has been a family owned vineyard that produces a small production of Cabernet Sauvignon, a Bordeaux style Estate Red Wine and a Chardonnay, all carefully crafted under the guidance of their winemaker, Philippe Melka. Gemstone produces less than 2,000 cases per vintage.

Amy Marks, Principle

Amy Marks is President of Gemstone Vineyards, overseeing all aspects of the business on behalf of her family. Amy graduated from George Washington University with a degree in American Studies. After graduating, she moved to New York City where she joined the creative consulting agency, Frog Design. At Frog, she joined the marketing team working on public relations and content creation for the company's thought leadership platform, before moving into program management where she led cross functional teams to innovate and develop top tier consumer products for Fortune 500 clients.

After years of fantasizing about being in the food business in New York, she decided in 2009 to venture off and start her own business by opening a specialty prepared food store. Over the following few years, she opened a formal banquet hall and grew the business into a fine catering company that catered to the top-tier fashion, corporate and wedding market.

In 2013, Amy returned back to her roots in California and had the opportunity to dive into learning the wine business that her parents, proprietors Michael and Carole Marks purchased in 2007. Amy brings her experience in marketing, retail, hospitality, client services and small business management to the business, working closely with the stellar team to continue to pursue the excellence of Gemstone wines.

GEMSTONE

2013 Gemstone Cabernet Sauvignon

The Gemstone Vineyard 2013 Estate Cabernet Sauvignon is a blend of estate-grown Cabernet Sauvignon (93%) and Petit Verdot (7%), from several micro-blocks and distinctive clones from our 16-acre vineyard in Yountville. This wine reveals notes of dried currants, juicy black fruit, cured meat and dried herbs. Exhibiting gripping tannins with great depth and structure, this powerful wine should drink well for 20+ years. This is a game-changer vintage bestowed from Robert Parker:

Blend: 93% Cabernet Sauvignon, 7% Petit Verdot

Vinification: The Cabernet Sauvignon blocks were fermented in stainless steel tanks with native yeast on the skins for an average 31 days. The Petit Verdot block was fermented in 100% French new oak with native yeast for 27 days on skins. Bottled unfiltered and unfined.

Gonzalez Byass USA

Gonzalez Byass is a family business founded in 1835 by Manuel Maria Gonzalez Angel in Jerez (Southwest Spain). He was joined by his British agent, Robert Blake Byass in 1885. In 1998, the Byass family withdrew from the business. The company is currently run by a Board consisting of 4th and 5th generation family members. The business began with Sherry—the iconic Tio Pepe and expanded to its current offering of wines from Rioja, Somontano, Cava, Castilla la Mancha and Cadiz. They also own 2 English gin brands, 2 Spanish brandies, a Scottish “Outland Whisky” and a Spanish Anise.

USA

2010 Beronia Rioja

Elegant and deep garnet color with cherry rim. Complex nose with mature fruit dominating while subtly combining with chocolate and cinnamon over a sweet and spicy base. The wine is flavorful and smooth on the palate. Fresh and powerful notes of cocoa and toffee standout.

Harvested at the end of September. Fermentation took place in stainless steel deposits then transferred to a mix of American and French oak barrels for 20 months. Ages in the bottle for 18 months before its release to the market

Influenced by the Atlantic and Mediterranean and has a variety of chalky and clayey soils.

HALL Wines

Craig and Kathryn Walt Hall arrived in Napa Valley in 1995 with a singular vision to develop a great wine estate, showcasing Napa Valley's finest variety: Cabernet Sauvignon. "We believe that great wine is cultivated in the vineyards," explains Kathryn. "The ability to plant, farm, and harvest the grapes for our own wines enables us to have control of the wine quality from beginning to end, without compromise."

Completed in 2005, the gravity-flow HALL Rutherford winery, was specially designed to produce small, premier lots of wine with unyielding attention to detail. HALL St. Helena winery boasts unmatched winemaking technology and a spectacular property featuring a Tasting Room, historic Bergfeld building and a collection of modern art. In July 2009, HALL St. Helena became the first production winery in California to receive Gold Level LEED® Certification from the U.S. Green Building Council.

Led by Director of Winemaking Steve Leveque, HALL wines are crafted to accentuate plush, extracted-fruit character and soft, fine-grain tannins.

Walt Winery

In 2010 the Hall's launched a second wine brand, WALT Wines. WALT is dedicated to the production of premier Pinot Noir and Chardonnay from the Pacific Coast's most distinctive vineyard sites, spanning nearly 1000 miles and including Sta. Rita Hills, Sonoma County, Anderson Valley, and the Willamette Valley

Chad Nuzum, Midwest Regional Sales Manager

Chad Nuzum joined HALL in August of 2012 as our Midwest Regional Manager. Prior to joining the Hall team, Chad worked for seven years on the distributor side. During his first years working in the distribution side; he sold the portfolios of Diageo, Constellation, LVMH, and Gallo to retail accounts. Later in his distribution years, Chad joined the fine wine division and became a key account representative handling high profile restaurant and retail accounts. He moved to Dallas in 2012 and continued working within the fine wine division before joining HALL. Chad received his bachelor's degree in Business Management with an Entrepreneur focus from Louisiana State University. His territory includes fourteen states within the Midwest region.

2012 Hall Napa Valley Merlot

Merlot tends to ripen early, so we selected fruit from cooler vineyard sites for a result that is vibrant and expressive. The Merlot farmed at Hardester Ranch, with its gravelly hillside topography, offers weight, concentration and a rich chocolate character.

The wine is deep garnet in color — inviting notes of wet stone, sun-warmed raspberries, and a slight cooling note of fresh fennel. Its medium body delivers soft, supple tannins that are a distinctive and prized feature of our Merlot. The wine finish offers notes of baking spices. Drink now and over the next five years.

Steve Leveque, Director of Winemaking HALL Wines

My Tasting Notes:

Harumph

Co-owners Scotti Stark and Michael DeSantis blend their years of experience in business and wine, along with their slightly nutty personalities, to bring you fabulous wine. Introducing ... Harumph. An über boutique winery that knows no boundaries, Harumph is particular when it comes to fruit. Sourcing from only the best vineyards and the finest growers in Napa Valley, we have the luxury of choosing with whom we want to work and the freedom to make the wine we want to make. At Harumph, we love our wine and we're excited to share it with you. Because to us, wine is about more than what's in the bottle. It's about friends, family, food and fun. It's about living well and laughing out loud. It's a fun label, but there is a serious wine inside.

For nearly twenty years, Scotti has made a career out of his passion for wine. From teaching and tasting to production and promotion, he loves everything about wine and is always thirsty to learn more. With his gregarious personality and penchant for all things fine, Scotti is eager to share his knowledge and experience with people just getting into wine, as well as with collectors who know their way around an extensive cellar.

2011 Harumph

Deeply saturated with a dark ruby hue. The 2011 HARUMPH opens with a complex array of cassis, pencil shavings, and violets on the nose. The palate is perfectly balanced with a focus of dark cherry and rich plums before secondary notes of cocoa, crushed stone, and pepper crusted salami. Fine grain tannins weave a structure and mouth feel that is silky and decadent all the way across the palate. The 2011 HARUMPH is a pure amalgamation of lushness, elegance, and power. Enjoy now or cellar for 5-10 years.

2010 Cabernet Sauvignon

Tasting Notes: A great success in a challenging year, this wine is a true testament to the vitality of Martha's Vineyard itself.

A very inviting wine with rich aromas of boysenberry, cassis and mint all tightly woven around a sweet core. On the palate this Cabernet is firm with rich, savory notes of cigar box and chocolate, culminating in a silky finish. A compelling and flavorful wine.

As always, this release will reward patient cellaring.

MARTINELLI

WINERY & VINEYARDS

Martinelli Winery & Vineyards

The Martinelli family has been farming grapes and making wine in Sonoma County since 1880's, when Giuseppe Martinelli emigrated from Italy to start his own winery. Today these vineyards are meticulously farmed by Lee Martinelli Sr., and his two sons, Lee Jr. and George, continuing five generations of the proud family legacy of care-taking the land. Martinelli Winery specializes in small single-vineyard lots of Pinot Noir, Zinfandel, Chardonnay, and Syrah. Winemaker Bryan Kvamme handles the wine with true handcrafted artistry, allowing the essence of the fruit to shine through from the vineyard to the wine.

Regina Martinelli – Executive VP

Regina Martinelli grew up a Farmer's daughter in the Russian River Valley. She comes from a long lineage of farmers, starting with her Great Grandfather Giuseppe Martinelli, who planted their flagship vineyards in 1885. Starting at age 6, Regina learned the life of a rural farmer by spending her summers & Saturdays tying vines alongside her 3 older siblings. This servitude continued until she escaped by attending college in San Luis Obispo, California as a biology major.

After college and ten years in Corporate America, now Regina brings her knowledge and expertise back to her roots in Sonoma County, where the winery remains family owned & operated. She continues to focus much of her attention on sales & marketing, as well as bringing the company into the 21st century. The primary goal of Martinelli Winery has always been on hand-crafting fabulous wines that are born in the vineyards. Now Regina is enthusiastically helping to spread the good word...or good wine, to as many as will hold their glass out.

MARTINELLI

WINERY & VINEYARDS

2012 Sonoma Coast Pinot Noir

This wine is a blend of our vineyards from the northern Sonoma Coast. The wine is produced from 115, 777, 667, and Pommard clones. This was a fairly mild year, similar to 2007 and 2009. The harvest looked like it was going to be early because of the early heat and bud break, but this ended up being a long, drawn out season with consistent growing temperatures. The wines have good tannins, structure, and a nice acid balance, due to the long growing season.

The grapes are picked at about 25 degrees brix to ensure mature ripe fruit flavors. After picking, the whole berries undergo a long cool fermentation to generate skin contact and expose fruit character and are fermented with wild yeast. It rests in 70% new French oak on its gross lees for 10 months. The wine is neither heat nor cold stabilized, and is un-fined and un-filtered, clarified only by racking before bottling.

Tasting Notes

The 2012 Sonoma Coast Pinot Noir has aromas of forest floor, cedar, raspberry, rose petal, and cola. The palate is extracted with juicy black cherry, rhubarb and spice.

My Tasting Notes:

Merry Edwards Winery

RUSSIAN RIVER VALLEY

Merry Edwards Winery

In 1997, Merry Edwards established her eponymous brand with a focus on producing Pinot Noir from the finest vineyards in Sonoma County's Russian River Valley. In 2008, she and her husband, Ken Coopersmith, completed their winery on the site of Coopersmith Vineyard.

Ken was her helpmate in the installation of her first vineyard, Meredith Estate, in 1998. This was followed by Coopersmith in 2001 and Georganne in 2006. Long-term leases were negotiated for Warren's Hill, Flax Vineyard and Cresta d'Oro, an extension of Meredith. Although most of those earlier plantings were Pinot Noir, in 2014 new Sauvignon Blanc developments were under way. At Merry and Ken's new home property in Sebastopol, a Chardonnay and Pinot Noir vineyard is being planted as their Full Circle Ranch.

Along with two regional blends, six vineyard-designated Pinot Noirs are bottled. In 2001, a barrel-fermented Sauvignon Blanc was added to the portfolio. Merry is also now making a vineyard-designate Chardonnay from the venerable Olivet Lane vineyard.

In 2013, Merry's 40th year as a winemaker, she was not only inducted into the Culinary Institute of America's Vintners Hall of Fame, she also won the coveted James Beard Award for Best Wine, Beer or Spirits Professional in the United States, just the fourth woman to be so honored.

Joe Gambrell - National Sales Liaison

Joe Gambrell's background includes 20 years in the distribution, supplier and restaurant industry. Before joining Merry Edwards Winery as National Sales Liaison, he was Vice President of Sales for Grapevine and Sales Manager for The Country Vintner, both in South Carolina. Before that, he held the position of District Manager of South Carolina for Kendall Jackson Wine Estates and owned Saluda's Capital City Grille in Columbia, S.C. He was State Fine Wine Manager for The Capital Group of South Carolina, Marketing Manager for RNDG and Area Manager for World Wines in Florida. In 2007, he earned his Certified Sommelier designation from the Court of Master Sommeliers.

RUSSIAN RIVER VALLEY

2012 Russian River Valley Pinot Noir

This wine combines grapes from six different vineyards located across the range of Russian River Valley. Once our vineyard-designate blends are composed, the remaining declassified lots find a home in this wine. Placement is dependent on the individual profile of each lot of wine produced. This blend epitomizes the core personality of the entire Russian River Valley -- deep, kaleidoscopic fruit and a broad palate. These characteristics are created by the well-drained soils and the coastal fog intrusion unique to our region.

On first impression, the aroma is pure fruit -- fresh blackberry, dark plum, black raspberry and huckleberry. Add to this currants, strawberry jam, cassis and cherry pie. Sarsaparilla, Lapsang Souchong tea, cocoa, roasted-toasty oak and a bit of vanilla bean round out this Pinot's complex persona.

Expectation is high and the palate does not disappoint. The ripe fruit entry flows to a full, weighty mouthfeel. The finish is firm, with sufficient acidity to create a backbone that deserves aging.

Madison Teter and her fiancé, Keith Hollander, created an original recipe they call *Fall-Inspired Butternut Squash and Shiitake Enchiladas*. The sweetness of the butternut squash and the earthiness of the mushrooms, topped with a tangy tomatillo sauce, make the dish a perfect accompaniment to this Pinot.

MODUS OPERANDI CELLARS

Modus Operandi Cellars

Modus Operandi Cellars was founded in 2004 with just eight barrels of Napa Valley Cabernet Sauvignon. Modus specializes in high impact and world class wines and is the experimental brand of Winemaker Jason Moore. The wines have been part of a historical State Dinner at the White House, paired to celebrity Chef Tom Colicchio's food at the Aspen Food and Wine Classic, and have been written into NY Times best-selling authors novel The Black Box by Michael Connelly. This in addition to critic scores in the 90's and the support of the winery's fans and customers have created a dream come true for Winemaker and Owner, Jason Moore.

Jason Moore – Owner, Winemaker

Jason Moore is a born and raised Dallas native who grew up in the fine dining restaurant scene of Dallas, which is where he found his interest and ultimate passion for wine. Jason moved to Napa in 2002 to pursue the dream and lofty aspiration of becoming a winemaker. Three months after moving to Davis, CA to study winemaking at UC Davis, Jason decided against the classic route of education in exchange for a more self-taught and hands on approach. Now, ten years into his professional career, Jason has become known for extremely high end and somewhat experimental techniques and winemaking which lead to impressive and beautiful wines with true soul.

People ask why I named the wine Vicarious. The answer is... I also want to offer something that showcases my talent in blending wines to create something that over delivers for the value provided.

Only 27 barrels of this high impact wine were bottled. Grown in several areas of the Napa Valley and Sonoma, this is a high impact and crowd pleasing blend providing instant gratification. All wines were triple sorted down to the berry, fermented in both small open top.

RAMEY

WINE CELLARS

Ramey Wine Cellars

David Ramey started his career in wine with little more than a degree in enology and a dream. Then, after nearly two decades of creating benchmark wines for such California wineries as Matanzas Creek, Chalk Hill, Dominus and Rudd, David Ramey and his wife Carla founded Ramey Wine Cellars in 1996. "Owning one's own winery is the dream of every winemaker," David says, looking back on the path that led him to build his own. It took time, planning and a profound understanding of how best to bring together all the elements—from the grapes, to the winery materials, and a top-notch team of professionals—to make it all work.

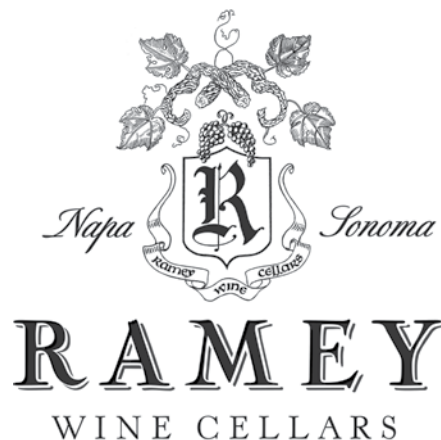

The winery produces authentic, hand-crafted wines made in an Old World tradition—coupled with New World innovation and California terroir. Owned exclusively by David and his wife Carla, grapes are sourced from vineyards with which David has worked for many years. Their next project will be to purchase land and develop their own vineyards.

Consistently rated among the best wines in California, the winery remains committed to Cabernet Sauvignon, Chardonnay and Syrah as its primary varietals. Winery tours and tastings are available by appointment.

David Ramey

After sixteen years making wine in Sonoma County, and firmly establishing Matanzas Creek and Chalk Hill wineries in the marketplace, David crossed the Mayacamas to spend six years in the Napa Valley—first as VP-Winemaker for Dominus Estate and project manager for the construction of their new winery; then helping Leslie Rudd reshape the Girard Winery into Rudd Oakville. Over the years, David has helped pioneer traditional, artisan winemaking techniques in California during a period when making wine by the University book was the norm. His efforts have helped shape the way many wines in the United States are made today, including the elimination of skin contact for most white grapes; the use of oxidized juice in making white wine; sur lie aging of white wines in barrel; malolactic fermentation of Chardonnay; native yeast fermentations; harvesting fully mature fruit; eliminating acidification of red wines; and bottling without filtration. In addition to managing Ramey Wine Cellars, David enjoys consulting for a select handful of clients in the North Coast.

Red Mare Wines

Our Wine

Red Mare wines are made by-hand at Napa Wine Company, located in Oakville. The grapes that go into each bottle are sourced from vineyards selected by Anne to produce fruit-forward wines reflective of their terroir. Red Mare's wine portfolio includes: Cabernet Sauvignon, Chardonnay, and Sauvignon Blanc.

Our Winemaker

Anne Vawter is one of Napa Valley's most promising next-generation winemakers. After working for four years as assistant winemaker at Paradigm Winery for Heidi Barnett, one of the world's renowned winemakers (www.lasirenawine.com), Anne started Red Mare Wines.

Growing up in Walla Walla, she developed a deep appreciation for agriculture from her father, a farmer, and inherited his love of wine. Growing up, he introduced her to local wines such as Leonetti, L'Ecole No. 41, and other wines from around the world. He also inspired her to reconsider a career in dentistry to enroll in the UC Davis enology program. After graduating with A Bachelors Degree in Enology and Viticulture, she worked for wineries in Washington and Chile before settling in Napa.

Anne also maintains a winemaking consulting practice and produces wine for Oakville Ranch Vineyards, Ziata Wines, and Teaderman Vineyards.

RED MARE WINES

NAPA VALLEY

2012 Red Mare Cabernet Sauvignon

The 2012 vintage was lovely. The Wine Spectator described it as "An ideal season —no frosts, a mild spring and summer and a tranquil fall." It was just that. There were no emergencies in 2012. It was gently paced, easy going season, giving us time to dot all our i's and cross our t's. In 2012, we started to source a small amount of non-Cabernet Sauvignon grape varieties and the results were captivating.

The 2012 Cabernet Sauvignon is the signature of Red Mare Wines. It has ripe red fruit jumping out of the glass. Layers of sweet cherri, cassis, layers of cedar, milk chocolate and clove round out the diverse aromatics. The wine explodes on the tongue with ripe red fruits and a mouth-watering vibrant acidity opens up to a rich center and a firm tannic structure that lasts to a long lasting and full finish.

My Tasting Notes:

Schweiger Vineyards

Fred Schweiger purchased his first 8 acres in 1960 for \$250 an acre. Inspiration to plant the “King” and “Queen” of vines begins by the late 1970s. During the 1980s, Schweiger fruit was sought by premium wineries like Joe Cafaro, ZD, Newton and Stags Leap Winery.

In 1994, Schweiger’s son, Andy—a UC Davis grad—came on board as the winemaker. Today, all 35 acres of the sustainably-farmed fruit is estate bottled for the Schweiger Vineyards label. Along with noble varietals of Cabernet Sauvignon and Chardonnay, micro-blocks of Cabernet Franc, Malbec, Merlot and Petite Syrah are farmed for a proprietary blend.

Diana Schweiger Isdahl, V.P. Sales

Two weeks after graduation from Chico State Diana began her professional career at Heublein working as a chain merchandiser in Northern California. From there she was promoted into other positions and then moved onto working in sales for Paterno Imports, Rosemount Estate and most recently, Southcorp Wines. On September 2, 2003, Diana came to work for the family winery full time.

In addition to Diana’s professional life, she is married to long-time family friend Andy Isdahl and they have a daughter Kristina and a son Brent.

They now live in the home of Diana’s grandparents, Tony and Theresa Schweiger, the original building of the Schweiger estate. Diana and Andy are avid sports participants and especially enjoy spending time on the lake waterskiing.

2010 Cabernet Sauvignon

The 2010 vintage started out with a very mild spring which continued into summer. The summer months were unusually cool until a heat wave in the early fall kicked harvest off. The pace of harvest was very relaxed, lasting over eight weeks from the start of white varieties to the last Cabernet berry. Because the growing season was so long, the vines achieved full phenolic maturity, giving the tannins a level of textural elegance unsurpassed in normal vintages. For our efforts, we have been rewarded with a rich, full-bodied Cabernet, deep in color. The nose of the wine is lively with essences of dark berries, plum, dark chocolate, and toasty oak. The sweet, supple entry crescendos into a deeply intense middle; followed by a pleasant, velvety, lingering finish.

SEQUOIA GROVE

Sequoia Grove Vinyards

Sequoia Grove is a family-owned winery founded in 1979 in a 110-year old barn beneath a grove of Sequoia trees in Rutherford, Napa Valley. It is here where we've honed our craft of creating world-class Cabernet Sauvignon and other Napa Valley wines that emphasize elegance, finesse, structure and balance. Our consistent philosophy of making wines with varietal character that are reflective of the land helped establish Sequoia Grove as one of the premier Cabernet Sauvignon producers in Napa Valley. Our 24-acre Estate Vineyard and 50-acre Tonella Ranch Vineyard are both located in the heart of Rutherford, where the superb climate and gravelly-loam soils impart distinct flavor in the Bordeaux varieties.

Molly Hill is the Winemaker for Sequoia Grove Winery in Rutherford, California and oversees all winemaking and production operations as well as helping with grower relations and recommendations in the vineyards. Molly graduated with a BS in Viticulture and Enology from UC Davis and a minor in Spanish. SEQUOIA GROVE

2013 Sequoia Grove Napa Valley Cabernet Sauvignon

Red/black in color, this wine has notes of blackberry and mocha with hints of plum and sage. On the palate, the impeccably balanced wine is dark, fleshy and supple, with notes of espresso and bittersweet chocolate and a touch of black cherry on the finish. Age at least 10 years.

Harvest

The 2013 harvest was unbelievable in many ways. Coming after the amazing 2012 vintage, 2013 was incredibly even more amazing. The near floods at the end of 2012 set us up nicely to weather the very dry season of 2013. Hardly a spec of rain fell for the entire season. The growth season started earlier, giving us plenty of time to ripen another solid crop. Harvest was a dream. This was the first vintage in a long time where the moderate fall temperatures meant winemakers were truly able to take their time—no rain nor heat spikes to get in the way of bringing in nearly perfect grapes. Many are confidently saying that this vintage looks to be the vintage of the decade.

SAINT HELENA WINERY

St. Helena Winery

Saint Helena Winery is a small, private winery specializing in estate-grown Cabernet Sauvignons. The winery was founded in 2000, and is situated in the St. Helena appellation of Napa Valley. Winemaker Aaron Pott and Elizabeth Tangney guide the creation of three estate Cabernets and one Sonoma Mountain Chardonnay.

The estate is not open to the public, rather by invitation only. This is a working vineyard and winery in a serene country setting with accommodations for a relaxing wine tasting in the estate house, or on the veranda overlooking the Valley floor and Mayacamas Mountain range.

The winery was founded with the 2000 vintage of Sympa Estate Cabernet Sauvignon, with one barrel only made by winemaker Mark Herrold. The winery estate is near the historical center of Napa Valley winemaking, adjacent to the properties of early vintners Charles Krug and Jacob Beringer. The founding family purchased the twenty acre vineyard estate in 1994 and proceeded to build a home followed by the winery and guest cottages. They sold fruit to notable neighbors including Opus One and Quintessa and slowly made more wines under the Saint Helena Winery label. Today we make fewer than 1,500 cases of estate Cabernet Sauvignons and one Chardonnay from a special vineyard on Sonoma Mountain.

Our winemakers are Aaron Pott, a St. Helena based Napa Valley consulting winemaker recently named "Winemaker of the Year" by Food & Wine Magazine, and the notable rising star, Elizabeth Tangney. The venerable Jim Barbour consults on our vineyard practices and we farm the estate for a low yield near two tons per acre.

Stewart Cellars

Michael Stewart came to the Napa Valley in 2000, intent on making high-quality wines that meet the expectations Napa Valley wines demand. He and his wife, Anne, sought out one of the most renowned winemakers, Paul Hobbs. Together with Hobbs, the family produces small lots of Napa Valley Cabernet Sauvignon, Napa Valley Merlot, Sonoma Coast Pinot Noir, Sonoma Mountain Chardonnay and the flagship wine, Stewart "Nomad."

THE WINES

Consulting winemaker Paul Hobbs has been with Stewart since the winery's inception. The wines are made at his facility, Crossbarn Winery, in Sebastopol. The combination of the Napa's and Sonoma's most coveted fruit sources, one of the world's preeminent consulting winemakers and a focus on limited production enable Stewart to deliver the best quality possible.

ABOUT THE STEWART FAMILY

Stewart begins and ends with family and its dedication to making something tangible and enduring. After 24 years building his tech business, Michael Stewart sold his company and began Stewart Cellars. He still says his greatest accomplishment has been enticing his son, James and daughter, Caroline to come work for him at Stewart Cellars.

STEWART

2013 Stewart Cabernet Sauvignon

Complex and age-worthy, the 2013 Stewart Cabernet Sauvignon has ripe aromas of plum, cherry and a hint of white pepper. The wine's smooth body and structure are evident, with the acidity acting as a building block in unison with the tannins giving a full and bold palate. Drink 2016-2035

2012 Torii Mor Estate

The Vintage

2012 had a late start, a trend in 4 of the last 5 vintages, bud-break happened 7 to 10 days late, in late April, when we had a couple weeks of warmer-drier weather following record rain in March and more to come in May and early June. Bloom happened in the second part of June just before the summer turned really dry, and reached 100 degrees in the beginning of August. Harvest was planned mid October but the warm East winds started dessicating the ripening fruit late September early October, pushing the picking crews in the vineyards the first week of October. The clusters were already small from the poor bloom with half the numbers of berries and most of them small berries, all of them losing their moisture to the winds. In general, sugars were high, flavors on the darker side and the seed tannins not always ripe.

The Wine

The 2012 Olson Vineyard aroma is sweet and floral, a mix of roses and honeysuckle on a ripe backdrop of raspberries-strawberry jam. With more air the nose darkens to dark cherries and blackberries and a touch of perfum. The flavors are forward and sweet displaying juicy concentrated dark cherries and dark chocolate notes, finishing by a touch of griotte cherries (red cherries macerated in brandy). The texture is round, sweet and very rich, with silky tannins that envelope the mouth showcasing a lively red and dark berry fruit at its center, yummy! The finish is very long, bright and all about grace, finesse and elegance. This wine is Grand Cru level and the product of 40 year old vines.

My Tasting Notes:

TRUJILLO

Trujillo Cabernet

Michael Trujillo, Winemaker

Growing up on a ranch, Michael Trujillo worked acres of hay, barley and vegetables along with sheep and cattle on land tethered to his family for generations. His grandparents were early century homesteaders of Spanish descent who settled in the Rocky Mountain state of Colorado, where they raised their children in a rich, agricultural life. From a young age, Michael learned the value and reward of working the land: "I feel like I've always been in motion, branding cows and driving hay trucks since the age of four. Ranch work taught me old-time craft skills, the love of tinkering with farm equipment and how to grow crops in uncertain weather, all of which prepared me for cultivating grapes and the process of winemaking." Michael discovered his passion for winemaking in the early 1980s during a spring break from his college studies as an engineer. On a road trip to California, he stayed with a family friend who had a small winery in Napa Valley. It was a lifechanging visit, as Michael began to work alongside Jim Allen and his brother Steve in the planting of Sequoia Grove's vineyard along the Rutherford Bench.

Today, Michael serves as the Director of Winemaking and President of Sequoia Grove Winery. He is also winemaker and partner at KaDieM Cellars as well as consulting winemaker for Herb Lamb Vineyards and Mattera / Cunat Vineyards. His earlier wine venture, Karl Lawrence Cellars, experienced much success and his wines consistently earn praise and have developed an enthusiastic following. For his namesake wine, Michael blends grapes from several of the finest vineyards in Napa Valley and works closely with the growers in developing cultivation practices that yield notable fruit year after year. Trujillo Cabernet Sauvignon is the realization of Michael's history, knowledge and experience, bringing his keen love of the vineyard together with more than 30 years of winemaking proficiency.

TRUJILLO

2013 Trujillo Cabernet Sauvignon

The 2013 Trujillo Cabernet derives from an already classic Napa Valley vintage. Everything about the 2013 growing season was perfect in terms of bud break, weather, pace of maturity and harvest itself. The grapes arrived at the winery in impeccable condition, heavenly balanced with natural acidity and structure. A winemakers dream season and vintage.

The 2013 is expressive with its aromas — rich and delicate on the pallet. These aromas jump forth with bright black raspberry, black cherry, plum, and deep characters of dark baker's chocolate. Great depth in the forefront with a wonderful and giving complexity that unfolds with each swirl. The alcohol is well in check, so the grape characters from this superb 2013 vintage are there to be enjoyed. The abundant flavors come up boldly, but are silky and mouth filling. Generous with black fruit flavors, chocolate hints and a touch of toasty caramel all add to the richness of this wine. Lots of fine grain tannin is present adding a density and weight, yet not interfering with the juiciness of the 2013 Trujillo Cabernet. A wine to enjoy now and well into the next several years.

W. & J. Graham's Port

Graham's was founded in 1820 and now has earned an unmatched reputation as the leading producer of premium Port wines. The company has been owned by just two families in its entire history; originally founded by the Graham's, it was acquired by the Symington family in 1970.

The Symingtons can trace their ancestors as Port wine producers back four generations to Andrew James Symington who came to Oporto in 1882, but back thirteen generations through their great grandmother, Beatrice Atkinson, to Walter Maynard who shipped 39 pipes of Port in 1652. A unique record in the history of Port.

Today, five members of the Symington family work in the company - Paul, Johnny, Dominic, Rupert and Charles. The family personally manages all aspects of wine making from the vineyard to the final bottling of the wine.

GRAHAM'S owns 5 vineyard properties. Quinta dos Malvedos, Graham's flagship property, has always been the heart of GRAHAM'S Vintage Port, where most of the grapes are sourced. Quinta da Vila Velha and Quinta do Vale de Malhadas (both privately owned by a member of the Symington family), as well as Quinta das Lages, have contributed to the GRAHAM'S unique style. The latest acquisition, Quinta do Tua, perfectly complements Malvedos and adds a further dimension to GRAHAM'S Port wines.

John Linklater works with Premium Port Wines. He represents Symington Family Estate brands such as Graham's, Dow's and Cockburn's.

Richard Chamberlain

Chamberlain's Steak & Chophouse

Considered one of America's leading chefs, Richard is the owner of Chamberlain's Steak and Chophouse in Dallas - named one of *Bon Appetit's* top new restaurants shortly after opening in 1993. Since then, both he and the restaurant have garnered stellar reviews and accolades from premier publications such as *Gourmet* and *Zagat Guide*. Richard followed this success by opening the award-winning Fish Market Grill in Dallas and Tarragon at Elk Mountain, an ultra-luxury resort in Colorado. In 2005, The Renaissance Las Vegas and Chef Richard Chamberlain partnered for the opening of ENVY The Steakhouse- one of most exclusive new restaurants in Las Vegas, Nevada. Consistently recognized by the world's top restaurant and dining publications, Chef Chamberlain's awards include:

- "One of America's Top Tables," from *Gourmet*
- "One of America's Top Restaurants," from *Zagat Guide*
- "Award of Excellence," from *Wine Spectator*

Prior to opening his own restaurants, Chef Chamberlain spent three years as the executive chef of the exclusive Little Nell Hotel in Aspen, where he received national attention for pioneering American Alpine cooking. At this time he was recognized as one of the best chefs in the country by the James Beard Foundation. Richard has also served as executive chef at San Simeon Restaurant and Ratcliff's, both in Dallas; as well as executive sous chef at the world famous Hotel Bel-Air in Los Angeles; and sous chef under Dean Fearing at the Mansion at Turtle Creek.

Carl Murray

NOBU

His inspirations of becoming a chef began in early childhood when he would watch cooking shows on KERA and he remembers being captivated by the likes of Jacques Pepin, Julia Childs and Charlie Trotter. After graduating from the University of North Texas in 1996 with

a bachelor's degree in political science, he decided to pursue that childhood dream to become a chef. In 1999, he enrolled in the Texas Chef's Association apprenticeship program at El Centro College. His first exposure to a professional kitchen began with a three year externship at the prestigious Dallas Country Club under the direction of Master Chef, Ernst Grugh. After establishing a solid foundation of cooking principles, he wanted to pass on that knowledge and accepted a position at the Dallas Central Market cooking school in 2002. In 2003, he moved on to work for nationally acclaimed chef, Kent Rathbun at Jaspers in Plano. As chef de partie, it was at this time that he truly began to understand the importance of "mise en place", everything in its place.

His next major step was switching cuisines completely and began working for Nobu in 2005 as chef de partie. Having the privilege to work under Nobu Matsuhisa was a great honor as everyday became an intense study of Japanese cuisine and culture. However, still feeling an itch to travel and cook, he left Nobu in 2007 to accept a senior chef de partie position at Coco Reef resort on the island of Bermuda. It was at this time that he truly felt an international connection with food. He began to embrace and appreciate the many different influences of food, not only from the local Bermudian fare but also from the international culinary staff that he was honored to work with.

In 2008, he came back to Dallas and reclaimed by position at Nobu to work under the direction of Executive Chef, Matt Raso. It was at this time that he felt the desire to not only improve upon my cooking and knowledge of Japanese cuisine but to also lead a kitchen brigade and accepted the position of sous chef. In December, after five challenging years of managing a kitchen team, and still feeling the desire to lead and excel, and Carl accepted the Executive Chef role at Nobu Dallas.

Garth Blackburn

Sub-Zero Wolf Showroom

Born in Lubbock and raised in Houston, Chef Garth has a passion for all things Texas and that certainly includes stellar sources for seasonal ingredients. His parents' home cooking got him started in the kitchen, and he really fell in love with food as a member of the U.S. National Cycling Team traveling to over 30 countries and sampling worlds of cuisines. He went on to cook at several acclaimed Houston restaurants, cheffed it up in catering, and also cooked full time for a star NBA family. Share his passion and find great TX sources on Taste Texas TV where he is the Co-Host and Chef or at Sub-Zero Wolf where he is Executive Chef, running two state-of-the-art culinary centers in Dallas and Houston.

Jeramie Robison

Chef de Cuisine, Uchi

Jeramie Robison is a southerner at heart, but as a Louisiana native he has definitely cultivated a diverse culinary repertoire. After working under Chef John Tesar at the Mansion on Turtle Creek, Robison took over as Executive Chef at the posh Cinq restaurant inside the Colombe D'or Bed-and-Breakfast in Houston. He was also honored as one of Houston's Star Chefs in 2012 – an honor bestowed to only five chefs from a pool of 75 local restaurants.

After a chance meeting serving chefs of the Uchi group, Jeramie applied to join their team and was happily welcomed aboard in 2012, and was named Chef de Cuisine of Uchi Austin in 2013. Robison moved to Dallas in 2015 to become Executive Chef at Shinsei and rejoined the Uchi team as Uchi Dallas Chef de Cuisine in 2016.

"I've fallen in love with the city and culinary scene in Dallas and I am beyond thrilled to call Uchi home again," notes Jeramie. "It's an honor to be considered for the position and I can't wait to be a part of the Uchi family once more."

Angela Hernandez

Chef de Cuisine, Top Knot

Growing up in Austin, Angela Hernandez originally wanted to work in the music industry. On a whim, and inspired by her sister who was pursuing a profession in the culinary world, Hernandez instead enrolled in the Texas Culinary Academy in 2001. In retrospect her "whim" makes sense. With a Korean mother and Mexican father it was not uncommon for frijoles and kimchi to share space at the dinner table, thus laying the groundwork for a love of the blend of cultural influences in food.

After graduating, Hernandez moved to New York City and worked under acclaimed Chef Gordon Ramsey at the London Hotel, where she sharpened her classic French culinary skills. From there she moved to celebrated eateries Allen & Delancey and Corton under Chef Paul Liebrandt before moving to Los Angeles to work at The Bazaar by Jose Andres.

As a longtime fan of Uchi and desiring to return to Texas, Hernandez joined the Uchiko team in 2014. It is with great excitement that Hernandez leads the Top Knot team as Chef de Cuisine. Hernandez is thrilled to introduce the playful Top Knot menu and her take on XX fare that perfectly complements the restaurants inspired cocktail menu.

In November 2012, Tesar opened Spoon Bar & Kitchen, and two years later, in May 2014, Tesar opened his concept Knife in The Highland Dallas Hotel (formerly Hotel Palomar Dallas) to critical acclaim and guest praise. A reinvention of the steakhouse experience, the chef-driven restaurant features all-natural born and raised Texas beef, pork and lamb in dry-aged prime cuts and specialty cuts such as chuck flap, beef tongue and Akaushi beef.

Always looking ahead for the next project, Tesar is developing a hotel in Memphis on the Mississippi River that will feature a restaurant and bakery. He is also working on a modern meat cookbook, published by InkWell Management.

From bringing seafood to the heart of Texas to reinventing the traditional steakhouse, Tesar continues being a visionary and putting Dallas on the map as a true foodie destination.

Kent Rathburn

Abacus, Jasper's, KB'S,

Rathbun's Kitchen at 6130

After rapidly rising through the ranks of some of the world's finest kitchens, Chef Kent Rathburn continues to demonstrate his culinary skills not only with the expansion of his restaurant concepts, but also with his full-service catering

company and line of at-home products, Kent Rathburn Elements.

Rathbun's roots are firmly set in food. At the age of nine, he discovered his passion for culinary creativity and began learning the skills and techniques needed to become the renowned chef that he is today. Starting as an apprentice at La Bonne Auberge, a five-star French restaurant located in Kansas City, Missouri, Rathbun gained experience working with high-end ingredients and learned the art of perfect preparation. Preparation was something Rathbun came to value, and that sense of significance remained with him as he moved from kitchen to kitchen, working with some of the best chefs in the country.

Most notably, Rathbun worked at Mr. B's in New Orleans, American Restaurant and Milano in Kansas City, The Mansion on Turtle Creek in Dallas and the Landmark Restaurant in Dallas' Warwick Melrose Hotel. While at the Landmark, Rathbun had the opportunity to make annual trips to Bangkok, Thailand, which provided him the resources and research to create his own spectacular style of Contemporary Global cuisine. Drawing on Southwestern, Mediterranean, American, Cajun/Creole and Pacific Rim influences, Rathbun's signature blend of flavors became the foundation of his first restaurant, Abacus.

In 1997, Rathbun decided to follow his dream. Drawing on his eclectic and distinctive style, he set out to establish his own world-class restaurant. Within months of its opening in the heart of Dallas' uptown district, Abacus received recognition as a pinnacle of fine dining and received numerous accolades, including Mobil Four-Stars; AAA Four Diamonds and many more.

With several successful concepts under his belt, Chef Rathburn wanted to give home cooks an advantage in their kitchens, so he launched his own exclusive line of products. The Kent Rathburn Elements collection offers an assortment of products, all designed with the home cook in mind.

Rathbun was honored to be one of the featured chefs for the Bush 2001 Inaugural Ball and has participated in the Pre-Super Bowl Event, "Taste of the NFL" for the past 10 years. Passionate about charitable organizations, Rathbun is actively involved in the American Cancer Society, March of Dimes, Zoo to Do, the North Texas Food Bank and the American Heart Association.

Kevin Garvin

Neiman Marcus

Neiman Marcus Vice President and Executive Chef, Kevin Garvin was born and raised in Philadelphia, Pennsylvania. At the age of 14, his first job in food service was at Piccolo's Pizza in northeast Philadelphia – a prescient beginning for Garvin's career as one of America's most innovative culinary masters.

Garvin graduated from the Culinary Institute of America in Hyde Park, N.Y., in 1978 and began his professional culinary career at the Topnotch Inn in Stowe, Vermont.

In 1987, Garvin was offered and accepted the title of Executive Chef at The Adolphus Hotel in Dallas, Texas, giving him not only a larger audience but also the prestige of overseeing The French Room. Garvin's proudest day at The Adolphus was when The French Room received the Five Diamond Award for outstanding food, beverage and service.

Yet, after over six years of the everyday pressure of running The Adolphus' many kitchens, Garvin wanted a job with shorter hours enabling him to spend more time with his wife and to start a new family. After a short move to Vermont, Neiman Marcus called and lured him back to Dallas with an offer of his dream job, Executive Vice President of Food Services. "The opportunity to work for Neiman Marcus with its commitment to luxury and quality was a dream job. I am a chef who always aspired to work in the best kitchens!" Garvin adds, "My chief responsibility is to ensure that every Neiman Marcus dining customer receives the best food and outstanding service." Or as Garvin so aptly puts it, "I want my five star passions for the restaurant business to be contagious to all who work for me!"

Kevin Garvin still resides in Dallas, with wife, Jody, and son, Patrick.

Anita Hirsch

Neiman Marcus

Anita Hirsch joined Neiman Marcus in 1999 as executive chef for the flagship store's Zodiac dining room. She then moved into her current position as corporate executive chef overseeing all Neiman Marcus restaurants.

Hirsch attended the Philadelphia Restaurant School for Chef and Restaurant Management Training. She became Executive Chef for the Mobil Four-Star Four-Diamond dining room of the Cincinnati Hotel in 1988. Hirsch was selected to represent the ambassador to Singapore for America's birthday and American cuisine in Singapore. Matt McCallister

FT33 and Filament

Chef Matt McCallister thrives on the energy of the kitchen: an atmosphere that is at once chaotic and structured. After cooking in kitchens across the country, Matt found his home in Dallas at FT33, his first solo venture, which he opened at the age of 31. He quickly guided the restaurant to local acclaim, including praise from D magazine, Dallas Morning News, Dallas Observer, Texas Monthly and more. Matt and FT33 have since made waves on the national scale, including a spot on the 2013 Top 50 New Restaurant list from Bon Appétit, a 2014 Food & Wine Best New Chef nod, and a James Beard Foundation Award semifinalist for Best Chef Southwest 2014 and 2015. Matt built the success of FT33 on high-quality ingredients presented in inventive, artful dishes, offering diners an experience on par with world-class restaurants around the globe. As a chef, Matt enjoys playing with new techniques and flavor combinations, always remembering to balance the familiar with the unexpected. He opened his second restaurant, Filament, in December 2015.

ABOUT FILAMENT:

Filament opened in December 2016 and showcases fare that Chef/Owner Matt McCallister and Executive Cody Sharp like to eat in their own time. The menu at Filament, located in Dallas' Deep Ellum neighborhood, is regionally Southern. Sharp draws inspiration from classics, like the Fried Hot Catfish with horseradish ranch, dill pickles, and housemade white bread inspired by the traditional Nashville Hot Chicken. The space pays homage to the original early 1900s machinist shop, with a repurposed drill press as the host stand, natural brick walls, wooden stools and booths, and exposed ceiling beams. The much-anticipated restaurant opened with fanfare that is well-deserved, as is evident by a four-star review in the Dallas Morning News, and a Texas Monthly Pat's Pick feature. For more information visit the website or find Filament on Facebook.

Stephen Kalil

Director R&D, Corporate Executive

Research Chef PepsiCo

Chef Stephen is both a Certified Executive Chef (CEC) with the American Culinary Federation and a Certified Research Chef (CRC) with the Research Chefs Association.

His career in foodservice began at home as a teenager in the late 1970's when his family opened a small market specializing in Mediterranean foods, Steve's Backroom, in Detroit, Michigan. The family business made a big impression, and before long the small bakery expanded into a new kitchen and warehouse facility.

His experience at Steve's Backroom led him to California in 1997, where he expanded his knowledge of food, flavors, and menu development for casual dining as chef de cuisine for Culinary Research and Development at The Cheesecake Factory. Stephen developed new recipes and procedures for the restaurant, designing variations on traditional and popular dishes. He also was instrumental in the opening of many the company's new concepts including The Grand Lux Café, The Cheesecake Factory Bakery Café, and The Cheesecake Factory Express.

In July of 2007, Stephen joined PepsiCo and Frito Lay as their first ever corporate chef. In his role, he leads and inspires product development through the application of Culinology- the blending of culinary arts and food science and technology. Stephen and his team were instrumental in designing a rigorous and efficient process of integrating culinary design with consumer insights, food science, technology and marketing. This process has been come to be known as "iCrave" and is responsible for delivering over 3 billion dollars in innovation, globally, and growing.

Jody Denton

In 2011 Jody Denton joined Frito Lay after more than 30 years working in independent restaurants across the country and around the world. He is currently the Executive Research Chef for Frito Lay North America working at the Culinary Innovation Center known as "The Flavor Kitchen" located at Frito Lay Headquarters in Plano, Texas.

Denton embarked on a journey across the United States, working for several famous chefs and restaurateurs, such as Dean Fearing at the Mansion on Turtle Creek in Dallas, Wolfgang Puck at Spago and Eureka in Los Angeles, Mark Miller at Red Sage in Washington D.C., Richard Melman of Lettuce Entertain You in Chicago, Reed Hearon at Restaurant LuLu in San Francisco and Rick Tramonto and John Folse at Restaurant R'volution in New Orleans.

From 2001 to 2009 Denton owned two of his own restaurants in the resort town of Bend, Oregon: Merenda Restaurant and Wine Bar, a wood fired Mediterranean bistro offering more wines by the glass than any other restaurant in the Pacific Northwest, and Deep, a modern Japanese Izakaya and sushi bar.

It was while working for Wolfgang Puck in 1990 that he first met PepsiCo Corporate Executive Chef Stephen Kalil, a relationship that led to Denton's current role of Executive Research Chef for Frito Lay North America.

Stephen Rogers

Chef & Owner, Gemma

Gemma represents a coming home of sorts. Its executive chef and co-owner, Stephen Rogers, grew up here in Dallas. He moved back with his wife, Allison Yoder (who runs the front of the house and bar program) and their twin boys to settle back into the community he left.

Rogers never planned to be a chef. But after San Francisco's renowned restaurant critic Michael Bauer praised his cuisine at the Napa Valley restaurant, PRESS, where he was filling in until a permanent chef could be hired, he stayed in the kitchen. "At that point, I realized I wasn't going anywhere," Rogers says. When he graduated from Highland Park High School in 1988, Rogers' sights were set on being a professional musician. He had been playing piano since he was five, which was also about the time he started to cook breakfast for himself (he usually woke up before his two older brothers and younger sister). His plan: to major in organ and minor in piano, and eventually get a teaching job at a college.

Between classes and performances, Rogers always worked in restaurants. "The cash was good, I loved being around food, and I enjoyed the buzz of working at night," he says. After graduation, he moved to Philadelphia where a church organist job was waiting for him, as well as his future wife, Allison Yoder. After that, he got a contract with the Virginia Opera's apprentice program, and when it ended, he moved to New York to pursue his dream of being a professional musician. By now he had been in New York for 10 years and was ready for something different. So and he and Yoder moved to Miami, now with a new goal: to open their own restaurant one day.

When Yoder took a job at PRESS in Napa Valley, he went with her, but never pursued his line cook dreams. He didn't have to. When PRESS needed help in the kitchen, Rogers tied on an apron. After a spectacular seven-year run at PRESS, Rogers and Yoder realized it was time to open their own place – back in Dallas, where he still has family and where he began cooking with his grandmother, shelling black-eyed peas and pecans from their trees out back while she stirred up a batch of cornbread.

"It feels good to be home," he says.

Auction Rules

1. The silent auction will open at 6:30pm and lots will close 30 minutes after Live Auction ends. A registration desk will be staffed at the check-in beginning at 6:30pm.
2. Only registered bidders with assigned bidder numbers may participate in the silent auction.
3. Bid sheets will be available for all items in the silent auction. They will be located in front or on the side of each auction lot.
4. Use only the bidding number that is assigned to you. Your personal bidder number is printed on your bidder sticker sheet available at registration.
5. An American Heart Association official may nullify a bid for any of the following reasons:
 - A. Lack of minimum bid or lack of minimum bid increment.
 - B. Preventing another bidder from placing a bid immediately prior to closing.
 - C. A late bid or addition to a bid after the close of the silent auction in that section.
 - D. Altering or tampering with a bid sheet or bid entry.
6. The last bid on the bid sheet will be the winning bid, provided that it is valid.
7. In the event of a dispute, an official of the American Heart Association shall act as the final authority and shall determine the winning bid. The decision of the official is final.
8. All gift certificates and air transportation will expire one year from the event (May 14, 2017) unless otherwise noted in the catalog or on the physical item. Air transportation may not be redeemed for cash or other consideration.

Information for the Buyer

No returns will be accepted.

1. **Conditions of Wine:** Wines are described in this catalog as correctly as can be ascertained at press deadline. However, appropriate allowances for natural variations of vintages, conditions of cork and wine must be made.
2. **Arrangements by Lots:** Wines are grouped together and preceded by a lot number, followed by a description of the wine and quantity offered within the lot.
3. **Commission to Bid:** Buyers who are unable to attend the auction are encouraged to place commissions to bid using the form provided upon request. Commissions to bid are treated with strict confidence, and lots are purchased for the lowest possible price, subject to other absentee bids and competitive bidding from those in attendance. Please submit bids to the American Heart Association Dallas Division office no later than 5:00pm on **Wednesday, May 11, 2016**. Facsimiles are encouraged. All bids must be accompanied by credit card information and signature.
4. **Payment:** Payment must be made on the evening of the auction. Credit cards and checks will be accepted. The American Heart Association may be required by law to collect the appropriate state and local taxes from the buyers. The American Heart Association's determination, in its sole discretion, shall be conclusive as to any issues of taxations.
 - A. Licensed dealers of alcoholic beverages, in order to facilitate the determination of taxes due, shall submit their sales tax numbers to the American Heart Association prior to the auction.
 - B. Out-of-state deliveries may be accomplished under the following conditions: Delivery must be an ICC (Interstate Commerce Commission) licensed carrier.
 - C. If shipment is made by an ICC carrier to Illinois or New York, the sales tax of that state must be paid by the successful bidder.
5. Bidders are reminded that various states impose limitations on the

quantity of alcoholic beverages which may be produced and brought into its jurisdiction by a purchaser from another state without requiring the purchaser, a seller or shipper to possess certain licenses or permits. The American Heart Association shall not, as a condition of sale, assume any obligations or bear any responsibility whatsoever for applying for or obtaining any permits or licenses in the event the quantity purchased exceeds said limitation.

6. Therefore, all bidders are strongly advised to investigate the possibility of such limitations and determine the manner in which alcoholic beverages may legally be brought into a state from Texas so as to comply with all of said state's requirements.
7. A good faith estimate of "fair market value" for tax deductibility has been made by the American Heart Association as required by recent revisions to the IRS code. For federal income tax purposes, the amount of charitable deduction is limited to the excess of the amount of the successful bid over the estimated "fair market value." As a convenience to all bidders this value is listed in the catalog as the estimated value and it is written on the bid slip for each silent auction item. The Côtes du Coeur Committee and the American Heart Association, its officers, directors, employees and volunteers undertake or make no guarantee as to the ultimate validity of the estimate published, your realization of such values in the marketplace or their adequacy for taxing or regulatory authorities. Further, American Heart Association assumes no responsibility for the economic consequences of your use of your values.
8. **Delivery:** The wines for Côtes du Coeur will be displayed at the Omni Dallas Hotel at the time of the auction. Purchases will be released to buyers by the American Heart Association with payment to the American Heart Association for purchases, appropriate taxes, if applicable. Bidders spending over \$10,000 will receive free delivery courtesy of Delivery Limited. The American Heart Association requires all other buyers to pick up their wine(s) and other purchases. The American Heart Association and its agents cannot assume responsibility for conditions resulting from shipping or courier. The American Heart Association will not be responsible for any loss or breakage while in transit. **Out-of-town buyers shall be responsible for arranging their own shipping.**
9. **Packing:** Certain modes of shipment require re-packing of wine from its original wooden cases. Out-of-town buyers should specify to the shipper if they wish to maintain wines in the original cases.
10. **Collection:** Wines and other purchases not subject to the free delivery provided by Delivery Limited must be collected at the Omni Dallas Hotel between the end of the auction and midnight on the night of the auction. A representative from the American Heart Association will be present to receive proof of payment prior to the collection of wines and other items sold. In order to prevent delays, buyers are urged to go to the auction cashiers soon after the auction closes. Payment must be made the night of the event. Out-of-town buyers must arrange for proper collection of their wines within 10 business days (May 30, 2016).

Conditions of Sale

The property listed in this catalog, which may be amended by auction room notice or announcement, will be offered for sale by the American Heart Association on the following terms and conditions:

1. ALL PROPERTY IS SOLD "AS IS" AND THE AMERICAN HEART ASSOCIATION DOES NOT MAKE AND HEREBY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTIES OR REPRESENTATION OF ANY KIND OR NATURE WITH RESPECT TO THE PROPERTY, AND IN NO EVENT SHALL THEY BE RESPONSIBLE FOR THE CORRECTNESS OF, OR BE DEEMED TO HAVE MADE ANY REPRESENTATION OF WARRANTY OF, MERCHANTABILITY, DESCRIPTION, GENUINENESS, ATTRIBUTION, PROVENANCE, OR CONDITION CONCERNING THE PROPERTY; NO STATEMENT IN THE CATALOG OR MADE AT THE SALE OR IN THE BILL OF SALE OR THE INVOICE OR ELSEWHERE SHALL BE DEEMED SUCH A WARRANTY OR REPRESENTATION OR AN ASSUMPTION OF LIABILITY. THE AMERICAN HEART ASSOCIATION SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM THE SALE OF ANY PROPERTY.
2. As used in these Conditions of Sale, the term "the final bid" means the price at which a lot is knocked down to the Buyer, and the term "the purchase price" means the sum of the final bid and the minimum payable by the Buyer under Condition 6.
3. The American Heart Association reserves the right to withdraw any lot before or at the sale or to combine two or more lots.
4. Lots are listed in the catalog showing a dollar amount that represents the fair market value. The American Heart Association assumes no liability for the accuracy of any retail value expressed.
5. The highest bidder acknowledged by the American Heart Association official shall be the official Buyer. The official has the right to reject any bid and to advance the bid at his/her absolute discretion and, in the event of any dispute between bidders, to determine the successful bidder or to re-offer and resell the article in dispute.

Should there be any dispute after the sale, the American Heart Association's record of final sale shall be conclusive. On the fall of the auctioneer's hammer or at the time of section closing, the Buyer assumes all risk and responsibility for the lot and pays the full purchase price. If the Buyer fails to comply with such requirement, the lot may, at the official's discretion, be put up and sold again.
6. The purchase price payable by a Buyer shall be the sum of the final bid and any taxes that may be due on such purchase.
 - A. Each lot shall be the Buyer's risk on the fall of the hammer or at the time of section closing.
 - B. The full price of each lot shall be paid the evening of the sale; (iii) title to the wines will not pass until payment has been rendered.
 - C. Goods will be released to the Buyer upon presentation of receipt.
 - D. No delivery will be made until full payment of the purchase price of the goods has been made to the American Heart Association.
 - E. All goods shall be removed or instructions given the evening of the sale; any lots that are not picked up the night of the auction will be charged a storage fee of \$50. If a buyer is successful by a written bid, shipping instructions shall be presented within 10 days (May 30, 2016).
7. Absentee bids are submitted to the American Heart Association in writing or are otherwise left with the American Heart Association prior to the sale for execution at or below a specified price and executed by the American Heart Association for the convenience of the bidders. The American Heart Association shall not be responsible for failing to execute such bids or errors relating to the execution of such bids.
8.
